The W. M. Keck Foundation Research Program’s Phase I is an open application process. Eligible institutions may submit one application to each of the Science & Engineering and Medical Research grant areas. Please see our website for eligibility criteria.

Applications must be submitted through the Foundation’s online portal by an applicant institution’s Designated Liaison. Individual investigators or other personnel may not submit applications. Please contact research@wmkeck.org with any questions.

Please note that for December 2024 cycle applications due May 1, 2024, the Foundation will be transitioning to a new online portal. The portal will be available in mid-March for liaisons to create new accounts and begin application submission.

Phase I application submissions are due by 4:30pm PT on the deadline date. If a deadline date falls on a weekend, the application must be submitted by 4:30pm PT the next business day. Early submission is encouraged, and late applications will not be accepted.

Project Summary

The Project Summary should not exceed one page and must comply with all formatting requirements. Applications that do not comply with these requirements will not be accepted. Please note that the Project Summary will be shared with potential referees.

Formatting Requirements:

- Single spaced on 8.5"x11" paper with 1" margins
- At least 12-point type, Time New Roman or Helvetica font families preferred
- Figure text and captions must be at least 9-point type
- Citations must be contained within the text in the format: (Journal Vol: page, year or DOI)
- Footnotes and links to other supporting information such as videos or external websites are not allowed.

 Include the following sections with bolded headings:

Title: Provide the title of the project.

Abstract: Provide a summary of the project for a well-educated lay audience. Include the overall goals, methodology, and significance.

Impact: Describe the potential scientific impact if the project is successful.

Key Personnel: Include the first and last name of the principal investigator (PI) and their primary departmental and institutional affiliation. Also include the first and last names of key personnel, their departmental and institutional affiliations (if different from the PI), describe their expertise, and role in this project. Key personnel include faculty or faculty equivalents; please do not include graduate students, postdoctoral researchers, or other trainees.

Budget: State the project's total cost, amount requested from the W. M. Keck Foundation, and the amount of institutional support. Describe how funds requested from the W. M. Keck Foundation will be allocated among personnel, equipment, and operations.

Justification for W. M. Keck Foundation Support: Justify the need for WMKF funding by explaining why this project cannot be funded by other sources. If this or a related project has been declined by another granting organization, indicate which one(s) and their rationale.
